SPONSORS

The Corporate Partner regional meet-ups offer an exclusive opportunity for our Corporate partners to network, share insights, and discuss industry trends and best practices with The Association of African American Financial Advisors (AAAA) members.

These events are completely hosted by the partner to empower corporate partners to engage and network with AAAA members based on their own brand. Corporate partners will have the opportunity to set up the location, structure, promotion materials, and registration link. Corporate Partners will have full access to the data and set up of the meet-up.

AAAA will promote the event to our database through emails and social media weekly.
